

High Performance

The stored-pressure powder fire extinguisher

ALTESIMO Plus

アルテシモ・プラス

Lightest Weight High Performance type Fire Extinguisher

Advantage of ALTESIMO Plus

- 1 High Performance** Material contains more than 90% ammonium phosphate. It has A-4 and B-12 fire suppression capabilities.
- 2 Light** Aluminum body, featuring rustproof and higher safety. This next-generation type is lighter 24%.
- 3 Good** Global standard 4-language labels. (Japanese, English, Chinese, Korean)
- 4 Beautiful** Seamless aluminum containers. Vivid candy red color.
- 5 Strong** Powder clear coating for superior corrosion and weather resistance. Hanging fixtures and installation variations.

Important Cultural Properties

	Model	Fire Rating	Weight of chemicals	Gross weight (Approx.)	Size mm
High Performance Model	MKA10B	A-4・B-12・C	3.0kg	3.9 kg	440×200×127
Standard type	MEA10B	A-3・B-7・C	3.0kg	3.9kg	440×200×127

A new fire extinguisher recycling sticker is attached.

The "Fire Extinguisher Recycling Sticker" is a landmark. There is no cost when disposing of it. For safe collection and recycling of fire extinguishers, a recycling sticker is required for disposal. Fire extinguishers manufactured after January 1, 2010 have a recycling sticker affixed to them, and there is no recycling fee*. *Recycling costs are the costs of disassembling, sorting, and recycling fire extinguishers. Collection, transportation and storage costs for collection are not included.

Maintenance

○ OK

× OUT

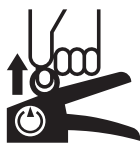

If the gauge needle is in the green area, it is normal.

How to use

1 安全栓を引き抜く

PULL OUT THE SAFETY RING
拔出安全栓
안전핀을 뽑는다

2 ホースをはずし火元に向ける

REMOVE THE HOSE FROM THE HOLDER
取下软管，对准火源
호스를 분리하고 불이 난 곳을 향한다

3 レバーを強くにぎる

SQUEEZE THE PUNCTURE LEVER
紧握压把
손잡이를 강하게 움켜잡는다

FLAT A pressure storage fire extinguisher with a flat gauge that is easy to see and has a clean design.

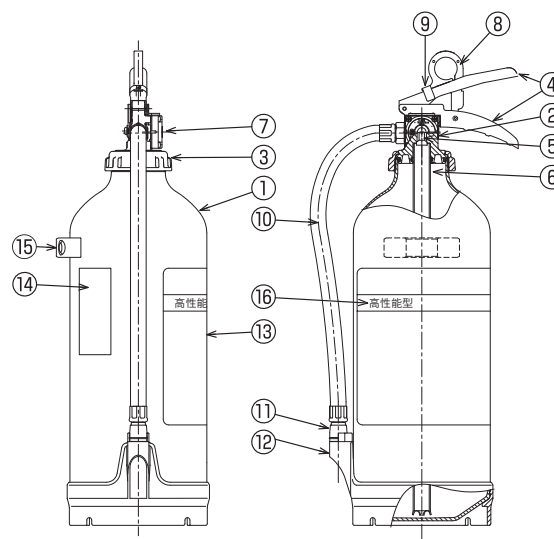

UD Universally designed labels with fonts and colors that are easy to read for everyone

A Recycle sticker A...Small ABC powder fire extinguisher, residential fire extinguisher, small BC powder fire extinguisher, reinforced liquid fire extinguisher, carbon dioxide fire extinguisher

STOP A fire extinguisher with an open/close valve that can temporarily stop radiation by releasing the lever.
